VOLUME CVII.--NO. 252. ALEXANDRIA, VA., FRIDAY EVENING, OCTOBER 19, 1906. PRICE 2 CENTS.

The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines *in a class all by themselves.* They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such *professional* endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

MYSTERY IN WATCHES.

Wild animal personality has come in for pretty thorough exploitation in fiction. Machinery, too, has had queer pranks and whims saddled on it by the fiction weavers. But not all the strange machinery stories have been told. Story writers like a large machine for fiction purposes. The locomotive is a favorite. But most uncanny of all machines is the smallest and oldest—the watch. A jeweler might write the ideal story of watch personality. Notes for it continually appear in the technical journals of that trade. Watches may be accurately tested and adjusted at a factory so that they will run alike in boiling water or frozen in the heart of an ice cake. Yet when they are sold and worn their mechanical movements are immediately affected by the individuality and habits of the wearers. A woman's watch is a joke to everyone but a jeweler. To him it is a mystery. Irregular winding wont explain all the vagaries of a woman's watch and the cause must be sought in its fair owner's habits. Probably when a woman learns to eat her meals regularly and keep office hours her watch will run on time.

Men of irregular habits have trouble with watches, too, and one of the principal factors to be taken into account when a new watch is being adjusted to its wearer's personality is the owner's occupation. Some men have work that calls for eccentric movements of the body, and these often cause trouble with watches. Often a jeweler trying to adjust a new watch to such a wearer will give it to another person in the same occupation, when it goes all right. Personality enters into the equation in a mysterious way. Some men never have to have a watch adjusted, but can carry even a cheap dollar affair for years and get from it better service than other men get from a costly Swiss movement. Motormen, street car conductors and workmen employed in the neighborhood of electrical machinery usually carry cheap dollar watches. For the first watch may be subtly shocked at any moment, and after that is almost worthless. Nobody knows when the shock will come. It may occur without the wearer of the watch being conscious of it. Suddenly the mechanism runs wild or stops and is permanently out of business. The dollar watch, which is really a small clock mechanically, will also be ruined by electrical shock, but the loss is nominal.

Jewelers tell of men who, when given a number of watches of different values, movements and nationalities, never succeed in finding one that will run for them; any watch carried by these individuals stops. A man came into a New York jeweler's sometime ago and handed over his watch, saying that three mechanics had labored over it without avail, and that if this jeweler could not transform it into an effective timepiece he would throw it away. On examination the mechanism looked all right, and when the watch was kept for two weeks by the jeweler it ran to the second. But when the owner got it again it stooped within two days. His wife carried it and it went again, but as soon as her husband took the timepiece it stopped. In conversation it was learned that this man had gone to Hot Springs, Ark., a few months before, where he took treatment for rheumatism. Since that time no watch he carried would go long. Timepieces that had given faithful service to others for years would stop when he borrowed them. The eccentricities are caused by vague influences, probably more mechanical than occult. Some jewelers attribute them to "electricity in magnetism" and others to "electricity in the atmosphere." They are so delicate however, as to defy the subtlest analysis and investigation.

HOUSE GUARDED BY SNAKES.

It has remained for Wellington Wells, a retired broker, of New York, to find an absolutely new way of keeping out burglars, says the New York World.

Wells is a snake faddist. It makes no difference what kind of a snake it is, Wells wants it in his collection. He is the owner now of about 300 live specimens, from pretty little corals to pythons big enough to make a breakfast of a Bronx goat.

For three months past Wells' home has been a mark for housebreakers. They call in the morning, they call at noon, they call at night, and every time they call they carried away a valuable memento of their visit. It got to a point where Wells and his family did not leave the house for two and three weeks at a time. Just so sure as they thought it was safe to go to a theater or any place that would keep them away for several hours, just so sure would they return to find their front door jimmied.

After he had been to all intents and purposes a prisoner under his own roof for nearly two weeks, sitting up at night with a shotgun in his lap, Wednesday last brought Wells an invitation for himself and his family to go to Coney Island with a party of friends. The invitation was for Thursday night, and all day Wednesday and all day Thursday Wells pondered how he should protect his home in his absence.

"Get the police and pay them," suggested Mrs. Wells.

"Get the devil," said Mr. Wells. "Police! Pooh!"

A little while later an idea suddenly came to him. He slapped his legs in glee. Mrs. Wells wanted to know what was the matter with him, but all he would say was, "You get ready for Coney Island and never mind me and the burglars."

When Mrs. Wells presented herself in her best bib and tucker she was told to go out on the front step with the youngsters and wait for her husband. In a few minutes he emerged, shaking with laughter.

"Oh, if they come tonight while we're away they'll be surprised," said the snake fancier, when his wife had calmed his hilarity. "There's a litter coral in your jewel box just ripe for stinging. I put a rattler around the newel post in the hall and another rattler in my suit case and out in the kitchen is the grandpa of all the pythons. Now, if any burglars come there's a reception for them. Let them lay on."

The burglars visited the Wells home Thursday evening, and when the family came home they found the front door and the kitchen window most scientifically jimmied.

"I told you so," said Mrs. Wells.

Mr. Well began to feel pretty mean, and was about to take an oath that he would never leave his home again when his eye caught a note pinned to the front door. It read:

"Not for ours. You came mighty near stinging us, though."

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky., He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemmorhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by E. S. Leadbeater & Sons, Druggists 50c and $1.00. Trial bottle free.

Drop by drop the offensive discharge caused by Nasal Catarrh falls from the back of the nose into the throat, setting up an inflammation that is likely to mean Chronic Bronchitis. The certain, rational cure for Catarrh is Ely's Cream Balm, and the relief that follows even the first application cannot be told in words. Don't suffer a day longer from the discomfort of Nasal Catarrh. Cream Balm is sold by all druggists for 50 cents, or mailed by Ely Bros., 56 Warren street, New York.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, OCT. 19, 1906.

IN A SPEECH last week in New York before the Afro-American Council, Mr. Oswald Garrison Villard, editor of the New York Evening Post, said:

Such man as Hoke Smith, John Temple Graves, Vardaman and Tillman ought never to be able to obtain any service from a colored man. No negro should think of contributing as much as one cent to the support of the anti-negro newspapers in Georgia. The negro should organize, and band together for his defense and to fight for his rights. The time is ripe for serving notice on the country that further efforts in any section of the land to degrade the negro to a servile position, to create that impossible thing—a republic with millions of persons taxed, but not represented—shall be fought from now on. Leave the murdering in cold blood to the race that proudly calls itself the superior, the better civilized.

In contrast with this inflammatory harangue was the speech of Booker Washington a leader of his race. His address, made later before the same association, was of a character to rebuke the unwise statements of Mr. Villard He said:

To the members of my race who reside in the northern States, let me utter the caution that in your enthusiastic desire to be of service to your brethren in the South you do not make their path more thorny and difficult by rash and intemperate utterances. Before giving advice to the negro in the South the negro in the North should be very sure that what he advises is that which he himself would be willing to take into the heart of the South and put into practice. Be careful not to assist in lighting a fire which you will have no ability to put out, Some may think that the problems with which we are grappling will be better solved by inducing millions of our people to leave the South for residence in the North, but I warn you that instead of this being a solution, it will but add to the complications of the problem.

The Christian Advocate of Nashville, Tenn., organ of the Methodist Episcopal Church South, has the following to say on the lesson of the tragedy in Atlanta, which, as says the Lexington Gazette, is in strong contrast to Mr. Villard's views:

A very small percentage of them (negroes) are criminal idlers, but it is this small class alone which furnishes the criminals, more especially the perpetrators of that particular form of bestial savagery which rouses the blood of the calmest white man to fury and makes even a law-abiding, Christian citizen almost an apologist of swift vengeance. Let the decent whites and the self-respecting negroes—two classes who think quite kindly of each other, despite all slanders and misunderstandings—band together to put down with relentless hand these disgraceful outbreaks which dishonor both races. The black rapist should have as little tolerance among decent negroes as the white lyncher has among law-abiding white people.

Mr. Villard's paper has quite an extensive circulation through the South, as the southern people heretofore believed him to be safe, sane and fair, but it will not have this circulation much longer, that is if these people treat him as he advises the negroes to treat the southern papers.

IN NEW YORK today fines totaling $108,000—$18,000 on each count of six counts—were imposed upon the New York Central and Hudson River Railroad by Judge Holt, in the U. S. District Court, on a charge of granting rebates to the American Sugar Refining Company. In the case of Frederick Pomeroy, assistant traffic manager of the New York Central, the court imposed a fine of $18,000 on each of the counts in the indictment. Pomeroy is the man who made the arrangements for granting the rebate. Upon the plea of Austin C. Fox, attorney for the defendants, the court granted a stay of execution of sixty days pending an appeal to the Supreme Court which Mr. Fox declared he would take. These fines are pretty heavy but just, and will go far towards breaking up the granting of rebates. A jail sentence, however, would insure the observance of the anti-rebate laws.

SOMEBODY was claiming lately that the rates of moral insurance—that is, the charges on surety bonds—were going down and inferred that either honesty or vigilance was increasing and crime was growing more rare. But one of the bankers at the convention in St. Louis calculates that there is a bank embezzlement somewhere in the country every day in the year. Still, there are a good many thousand banks, and each employs several men who are in a positions to steal. The raito of criminality is not so very high, but it is a great pity that men have to be watched so closely from presidents down to messengers.

THE NEW LAW which provides that jail prisoners may be worked on the public roads is working well, according to Superintendent Morgan of the State penitentiary, who has the disposition of such forces. He is now preparing to send men to several counties to work on the roads, and he is collecting information from the county jails of the number available for such work. The old plan for seeking a jail sentence during the cold weather will now cease to be popular.

From Washington.

Correspondence of the Alexandria Gazette.

Washington, Oct. 19.

The specific reasons for opposition of the American Federation of Labor to the re-election of Speaker Cannon are given in a public statement issued today on the authority of President Gompers by Thomas Tracy, the political campaign manager of the federation. It is in the form of a reply to a recently published interview with Frank P. Sargent, Commissioner-General of Immigration in which Mr Sargent endeavored to show that Mr. Cannon was a friend of labor. The statement says: "Prior to Mr. Sargent's appointment by President Roosevelt to the position he now holds, he was an officer of the Brotherhood of Locomotive Firemen. This organization with one or two other organizations of railroad men has never had any affiliation with the American Federation of Labor since its inception, and when Mr. Sargent speaks it is not in the name of the American Federation of Labor." The remainder of the statement is a recapitulation of charges recently made against Mr. Cannon concerning his attitude toward organized labor and the eight-hour law.

Every member of President Roosevelt's cabinet, except Secretary of the Treasury Shaw, were at the Cabinet meeting today. Cuban matters were gone over thoroughly, Secretary Tatt going over in a general way the situation as he had already reviewed it for the President. Successors for Gov. Magoon as minister to Panama and as governor of the canal zone, as well as lieutenant governor of the Phillippines, were discussed. The President also brought up the subject of his trip to Panama.

The Aetna Banking and Trust Company (branch) was today closed by direction of the Acting Comptroller of the Currency. Robert Lyons has been appointed receiver. This company is a branch of the Aetna Banking and Trust Company, of Butte, Mont., incorporated under the laws of West Virginia. An examination of the bank just completed by the national bank examiner shows the bank to be insolvent. The resources and liabilities as shown by the last report September 4, were $123,942.64 each.

The first information of the conviction of the Standard Oil Company at Findlay, O., reached the Department of Justice this morning through the Publishers' Press. Although the high officials and special agents of the department who have been identified with trust investigation could not conceal the gratification they felt over the result, they declined to express any opinion for publication. Attorney General Moody explained that although the prosecution was for conspiracy in restrain of trade, it was conducted by the State of Ohio under its own laws and that the Department of Justice could express no opinion upon the merits of the case until it had carefully reviewed the testimony.

Vardaman's Platform.

James K. Vardaman, governor of Mississippi, militant yet peaceable, went to Chicago yesterday and announced the issue upon which he proposes to make the race for the United States Senate against John Sharp Williams, democratic leader of the House.

"I favor unqualifiedly and without reserve the abrogation of the fifteenth amendment to the constitution of the United States. I expect to defeat Mr. Williams, and I shall be on the firing line in the Senate, with a sincere belief that the battle will end as I, in common with the entire South, hope and expect."

This, in brief, is the platform of the Mississippi executive.

"I know what I am talking about when we get to the race question," continued Gov. Vardaman "It must be settled, and settled very soon. It cannot be settled until the nation, as a whole, has been convinced that there is a distinction between the white race and the black race. The laws now specifically recognize the difference between the white man, the Indian, the Chinaman, the Eskimo, or the Malay. There is as much distinction between the whites and the negro. When that is appreciated then will there be a solution of the race question."

"How will the abrogation of the fifteenth amendment to the constitution change conditions?"

"It will simply place the negro where he belongs.

"If I get to the Senate, there will then be the opportunity to speak to the entire nation."

Rider Fatally Hurt.

Mr. Charles W. Smith, of Warrenton, the manager of the Norfolk horse show, was fatally hurt last night when he was thrown by his mount falling as he was taking one of the hurdles in the hunter class. The crowd of 4,000 persons was horror stricken as they saw the horse roll over on Mr. Smith and step on him in attempting to arise. His spine was crushed. At the hospital the physicians say he cannot live. Mr. Smith was riding Sinbad, and there was a mix-up with the brown gelding, Jack Spratt, ridden by Roy Williamson, of Manassas, as they were about to take the jumps. Mr. Smith is a popular citizen of Warrenton, and a well-known horseman throughout the State. He has managed most of the horse shows during the past four years, and enjoys a large circle of acquaintances.

At last accounts Mr. Smith was still alive.

Another accident at the show earlier in the evening was the falling of the hunter Red Raven, of the Winchester Farm, of Orange, N. J., being ridden by Miss Marion Holloway, of New York She extricated herself, held to her horse, and cleared the four jumps.

Surprised the Fishermen.

One of the steamers of the State Board of Fisheries is in Potomac creek, a tributary of the Potomac river, in Stafford county, 10 miles from Fredericksburg. Its arrival there was a great surprise to the fishermen and created consternation. This is much higher up the river than the oyster section, but Potomac creek is one of the best pieces of fishing grounds in the State, and many fishermen live near there and make their livelihood from the sale of fish. The steamer went there to enforce the payment of licenses for fish nets, etc. This is the first time the State steamer has ever been in the creek within the recollection of the inhabitants of that section. The tax for fishing nets is provided for by a comparatively new law, and the licenses have heretofore been collected by inspectors. The officials of the steamers will see that the fish laws are obeyed in every respect.

Speaker Cannon began a tour of Philadelphia last night, but came to grief while speaking between meetings in his automobile With his entire party he was held up and placed under arrest.

The most startling development in the political campaign in New York came yesterday when Charles F. Dr. Frank Brouwer who was acquited Wednesday at Toms River, N. J., on the charge of wife murder is impoverished His fight for liberty cost him financial ruin, even to the signing over of the $1,000 policy of life insurance on his dead wife, which has gone as part of the expense of the defense. His house rests under as heavy a mortgage as could be raised upon it, and he has practically nothing left except the promise of his friends that they will help him.

Congressman John Sharp Williams, of Mississippi, spoke at Fork, Baltimore county, last night, advocating the re-election of Congressman Talbott, who, he declared, is a good democrat and a loveable fellow. Discussing the tariff, he emphasized the growth of trusts and ridiculed the republican claim to responsibility for the present prosperity of the country. Mr. Talbott also spoke, urging the revision of the tariff. In an interview, Mr. Williams said social ostracism is the most effective weapon against bribery in elections. The race question, he said, is becoming more serious in the South.

Coler, president of the Borough of Brooklyn, will preside at a meeting to be held in the grove adjoining the battlefield, after the dedicatory ceremonies. Rev. J. THE FUNERAL OF MRS. DAVIS.

A simple and brief funeral service was held yesterday for the late Mrs. Jefferson Davis at the Hotel Majestic, New York, where she died Tuesday night. Rev. N. A. Seagle, of St. Stephen's Episcopal Church, officiated. He was assisted by Rev. Dr. George S. Baker, chaplain of the Southern Society, and Rev. Henry Lubeck, rector of St. Timothy's Church. The service was private, only the immediate members of Mrs. Davis's family, representatives of the United Daughters of the Confederacy and a small number of intimate friends being present. Numerous wreaths covered the casket, one of which was sent by President and Mrs. Roosevelt. Other floral tributes came from the governors of many southern States and from various societies of which Mr. Davis was a member.

At 8 30 o'clock last night the body was taken to the Pennsylvania R. R. ferry, and started on the journey to Richmond in a special car. A company of artillery from Governor's Island acted as military escort, and a squad of mounted police, the band from Governors Island and carriages containing members of the Davis family followed the hearse. In the guard of honor were several men who were attached to the personal staff of the President of the Confederacy. Accompanying the funeral party were Mr. and Mrs. J. Addison Hayes, Jefferson Hayes Davis, and Dr. Webb, members of the immediate family, and a delegation from the New York Chapter, Daughters of the Confederacy, in charge of Mrs. J. H. Parker, president.

The body of Mrs. Davis passed through Washington this morning at 4 o'clock on the way to Richmond. At the station, despite the early hour, there was a good-sized crowd, among which were representatives of the Confederate Veterans' Association of that city. Those who were delegates to meet the remains bore beautiful flowers that had been given by the Daughters of the Confederacy.

The body of Mrs. Davis reached Richmond at 8:35 this morning and was met by the relatives of the family and by a military escort.

A telegram to J. Taylor Ellyson yesterday from the grandson of Mrs. Davis said it was not the wish of the latter that her body lie in state. The body was therefore taken from the train direct to St. Paul's Episcopal Church, where the funeral services were held at 3 o'clock.

The services were conducted by Rev. Dr. Robert Forsyth, the rector, assisted by Bishop Van de Vyver, of the Catholic Church; Rev. Dr. J. William Jones, Rev. Dr. James Power Smith, Rev. Dr. E. N. Calisch, of Beth Ahaba Synagogue; Rev. Dr. Landon R. Mason and Bishop Granbery, of the Methodist Episcopal Church.

In accordance with the expressed wish of Mrs. Davis, the funeral was a military one, and the procession was large. The military escort was the chief feature, but the Confederate Veterans and the Daughters of the Confederacy took an important part in the parade.

The governors of thirteen States and nearly all the Confederates of high rank had been invited, and many attended, while delegations from veteran camps from this and other States helped to swell the throng.

After the services at the church the remains were interred in Hollywood Cemetery, the grave being next to that of President Davis.

The funeral procession was an imposing one, made up largely of military and Confederate Veterans' organizations. The section in which the body was laid is one of the most secluded in the cemetery. Mrs. Davis said during her lifetime that she desired to be buried near the sepulchre of her husband, and it is here that the grave was made. It will be smoothed over and sodded immediately after the burial. No mound will be left, but at the head a simple tablet will be set up to remain until a suitable monument can be determined upon.

The funeral services were concluded with the firing of a salute by the artillery.

In honor of Mrs. Davis the State offices were closed today and during the funeral the bells of the city were tolled.

Richmond, Va., Oct. 19.—The remains of Mrs. Davis arrived at 8:30 this morning and were taken to St. Paul's Church, where they were guarded by a detail of veterans from Lee and Pickett's Camps. The funeral took place at three o'clock from St. Paul's Church. Notwithstanding the inclement weather it was largely attended. A long line of distinguished citizens, veterans and soldiers were in the funeral procession. The City Council attended as a guard of honor in carriages. Many prominent Confederate officers are in the city.

Mr. John W. Bitzer, Mayor of Leesburg, on behalf of the town, will welcome the survivors, and the response will be delivered by Col. Edmund Berkeley.

The programme is under the auspices of Clinton Hatcher Camp, Confederate Veterans, who will be commanded by Capt. William B. Lynch. Capt. William E. Garrett is chief marshal.

The guests of the survivors will be Gen. Eppa Hunton, of Richmond, and Mr. Justice Holmes, of the United States Supreme Court, who, while a member of the Twentieth Massachusetts Volunteers, was severely wounded in the Ball's Bluff fight. At night the occasion will be enlivened by a wartime campfire.

Today's Telegraphic News

DISASTROUS HURRICANE.

Jacksonville, Fla., Oct. 19—It is now practically certain that the main portion of the fleet of American warships returning from Cuba was caught in the tropical storm which swept Cuba and southern Florida Wednesday night. No word has been received from any of the ships and the gravest alarm is felt. The fact that the warships are fitted with wireless apparatus but that the wireless station at Key West has been unable to get in touch with any of them is taken as ominous.

Havana is still cut off by all wire communication. The only dispatches that have come through have been by way of Santiago and Jamaica. These have been very meager and have now stopped altogether owing to the downing of wires in the vicinity of Havana. Every word that has come through, however, leads to the belief that the disaster at Havana has been great and unconfirmed reports say that there has been a heavy loss of life. Wires are now down between here and Miami and the only connection between this point, Miami and Key West is by rail and boat. All reports so far received have been wild and unconfirmed, but there is no reason to believe that the damage to shipping and to southern Florida coast towns has been great. The wrecks of a number of small vessels have been sighted, several of them bottomside up with every indication that loss of life had occurred.

There is considerable speculation as to the whereabouts of the American war vessels. It is supposed that when the storm struck they were just outside of Havana harbor. The blow came from the southwest and would naturally tend to carry the fleet out to sea. Owing to the close proximity of the land it is hardly likely that the commanders would dare put about and face the gale for fear of going ashore. After skirting the east coast of Florida for a few hundred miles the gale went out to sea and all trace of it has now been lost by the weather observers As a result there is no way of telling how far the warships may have been carried before the storm blew itself out. There is a possibility that the vessels had not yet left Havana harbor. The vessels which were in Havana harbor include the cruisers Minneapolis, Prairie, Brooklyn and Denver, the battleship Texas, the supply ship Celtic and the collier Leonidas. The cruiser Cleveland, when last heard from, was at Cienfuegos and the Des Moines and Tacoma, together with the collier Leonidas, were at Manzanilla. The cruiser Newark is believed to have been on her way to Havana from Guantanamo.

Train reports from Miami today indicate that that city suffered greatly and that in addition to the property loss there was considerable loss of life. The big Royal Palms Hotel, Flagler's palatial winter resort, which was being fitted up for the coming season, is said to have been badly damaged and the Peninsula and Occidental dock has been carried away. Owing to the fact that Miami is unusually low and that at last reports the tide was rising at a tremendous rate, grave fear is entertained that the city may have been flooded.

The fact that Key West, the first city in the United States to report the storm, is now silent, is causing much apprehension. No word has been received in the last 24 hours from Key West, either from the wireless station or from the main cable.

Not a wire is working south of Jacksonville today, though both the Postal and Western Union companies promise to have lines working by night.

The weather reports show that in places the wind reached a velocity of 80 miles an hour, and it is said that it was moving at this rate when it veered to the eastward in the direction of Bermuda islands which are supposed to have suffered also.

Havana, Oct. 19 —As a result of the worse cyclone in the history of this city upwards of 100 persons are known to be dead, hundreds of others injured and thousands of dollars of damage has been done. The U. S. Cruiser Brooklyn was torn from her moorings in Havana harbor and is thought to be hard aground. Other ships of the American fleet now in the harbor are said to have been seriously damaged, and it is believed that some loss of life has occurred among members of the fleet.

The American camp, Camp Columbia, was practically wiped out, the gale levelling every tent and tearing most of them to atoms. One soldier was fatally hurt and a number are reported seriously injured. When the blow reached here the harbor of Havana was packed with scores of vessels which have rushed here following the settlement of the recent trouble. Many of these vessels were torn loose from their anchorages, no ships being docked in Havana harbor, and dashed on the rocky shores of the harbor. Only the fact that the storm gave half an hour's warning and permitted the sailors to make some preparations prevented much greater damage.

Most of the fatalities reported so far were among native Cubans though it is believed that the number of foreigners killed will be upwards of a score. Some of these are Americans.

Many buildings in the city of Havana were blown down being levelled as by an earthquake. Scores of persons were injured in the collapse of these buildings and by flying debris hurled through the streets.

Some of the poorer sections of the city in the outlying districts were practically levelled by the 80-mile-an-hour gale which struck the city.

St. Augustine, Fla., Oct. 19.—A report brought here today by the conductor of Coast Line from Miami is that the steamer St. Lucile, with a crew of forty men, is supposed to have been lost off the south coast of Florida in Wednesday night's hurricane. Portions of her superstructure and a smashed small boat have come ashore. Miami was hard hit by the storm and not a building escaped undamaged. Scores were hurt, though it is believed that none was fatally injured.

Jacksonville, Oct. 19.—Cable communication with the city of Havana was restored here at about noon today and the first reports received tell of dreadful havoc wrought by the storm Wednesday night.

Rioting in Valencia.

Valencia, Spain, Oct. 19 —Rioting is in progress here as the outcome of the attempt of the government, following the lead of France, to loosen the ties which have bound it to the Vatican. The rioting culminated last night in an attempt on the part of the mob to lynch the Archbishop who preached a violent sermon yesterday which has greatly aroused the anti-clericals. A violent attack was made upon the government by the Archbishop of Valencia for the course which it is pursuing toward the Vatican. He directed his attack principally upon the new civil marriage law. This, he declared, reduces marriage to the plans of concubinage. When news of the archbishop's utterances spread through the city mobs began forming in the streets. As soon as the necessary leader appeared the rioters took up their march for the archbishop's residence with the determination to lynch him.

Threats were made against all clericals and for a time it looked as if an attack would be made upon every prelate in the city. So violent did the mob become, and so great was the number of the rioters, that the police were helpless and troops were ordered out. They surrounded the archbishop's palace to protect the high prelate. Later the troops attacked the mob and forced the rioters to disperse.

Rioting was resumed today, however. Violent agitators have been at work among the people arousing them to a great pitch of frenzy against the clericals and urging them to demolish the archepiscopal residence.

The government authorities are considering calling the archbishop whose violent words caused the storm to break to Madrid and demanding a formal retraction of his words uttered yesterday. Today troops guard the city.

Burned to Death in a Boarding House.

Birmingam, Ala., Oct. 19.—The boarding house of Mrs. E. E. Moody, burned early today and nearly a score of lives were lost. The house was a two-story ten-room frame structure, and was used as a lodging place by street car conductors and motormen. The landlady believes it was set on fire. When the inmates awoke the entire building was wrapped in flames, and the fire burned so rapidly that only a few of those in the house escaped. The body of W. R. Livingston, a rolling mill man, was found after it was burned to a crisp, hanging out of a second-story window where he evidently tried to escape. Six other dead and charred bodies have been found. Two were found in a hallway near the front door indicating that they were trying to escape. Four others were on a stairway. None of them can be recognized. Seven others are missing and the debris is being searched. O. E. Hentch, a motorman and G. W. Tremaine, a street conductor, jumped from the second story and are in a bad condition.

Birmingham, Oct. 19.—At 10 o'clock ten bodies have been recovered from the ruins and all the inmates of the house had been accounted for.

Standard Oil Company Declared Guilty.

Findlay, O., Oct. 19—A verdict of guilty of maintaining a conspiracy in restraint of trade was returned at 4:30 o'clock this morning against the Standard Oil Co. of Ohio after the jury had been out since Wednesday afternoon. The verdict was not reached until many votes had been taken, owing to the stubborness of a single juror who had held out for acquittal.

Attorney James A. Troup, for the Standard, who was present when the jury reported, announced that a motion for a new trial would be entered. The motion will be argued soon, and no sentence will be passed until the motion is decided upon. A fine of from $50 to $5,000 may be imposed.

The case will be carried through to the Supreme Court and until it is finally decided John D. Rockfeller and the subsidary companies of the trust will be given a reprieve.

To Fight Hearst.

New York, Oct. 19.—"Death to Hearst" is the slogan of the independent democratic league (not incorporated) organized last evening by old-line democrats. It opened headquarters in the Imperial Hotel last night, and by 9 o'clock was running full blast to cut Hearst's political throat. It has some prominent members who never have voted any ticket but the democratic, who now say they are for Hughes and a free bench.

Chas. F. Murphy was summoned to appear before the grand jury today to tell the grand jurors all about the charges he made last evening that representatives of the independent league have been hol ling up Tammany candidates for money and jobs, in order to secure the withdrawal of the league candidates for certain offices and thereby give the Tammany candidates a clear field.

Atlanta, Ga., Oct. 19.—The remains of Sam P. Jones, the evangelist, who died suddenly Monday while on a train en-route to his home in Cartersville, to celebrate his fifty-ninth birthday, are today lying in state at the Capitol and being reviewed by thousands of people. Letter to Wm. T. Emerson.

Alexandria, Virginia.

Dear Sir: We asked City Drug Co. Crystal Springs, Miss, to sell Devoe. They wanted to know, of their own knowledge, how it compared with another paint they knew all about—it was sold right there, and considered good.

They painted the house of W B McClunsey two coats on purpose to test the two paints against one-another: one coat Devoe 6 gallons; the other coat that other paint 10 gallons. Difference $20; $7 for paint, $13 for labor.

That other paint is made in New Orleans; is pure; is considered an excellent paint, and has a good deal of local goodwill.

But the standard of paint has been low all through the southwest. That paint is thin; it is, you see, six-tenths of a paint. Devoe saves $20 over it on half a small job.

It is a case of local best compared with actual best.

Yours truly,
F W DEVOE & Co.

Bank Rate Raised.

London, Oct., 19 — London's bank rate has been raised to six per cent, the highest since 1899. The cause of the high rate in 1899 was the South African war, while the present raise in the rate is attributed to the withdrawal of gold for Egyptian and other markets causing a depression in the money market.

He bore down to the vessel and found her to be the British steamer Manningtry bound from Huelva for Philadelphia. The Manningtry had sprung aleak in a hurricane and wast fast settling. Boats were immediately lowered from the Vera and Captain Lawson and his crew of twenty-six men were taken off the sinking vessel and safely brought aboard the Vera. Two of his fingers and the toes on one foot were almost off. His tongue was cover d with sores and badly swollen. The officials have been notified and it is likely his body will be cremated.

New York Stock Market.

New York, Oct. 11.—The action of the Bank of England in advancing the rate of discount took speculative interests on both side of the Atlantic by surprise and started a stampede among those heavily committed to the bull side. Liquidation of speculative accounts was started and sales were made at continued sharp concessions. The declines ranged from one to six points. The street assumed that the action of the Bank of England must have been induced by some news which came to the governors of the bank after the close of the regular meeting yesterday.

A Daring Hold-up.

A daring hold-up in a passenger car took place at Emporia, Va., at a late hour Wednesday night at the Atlantic Coast Line depot. A number of excursionists from Rocky Mount, N. C., and vicinity, who had been attending the Emporia Fair, were waiting for a belated train to which their special cars were to be attached. Many of the excursionists were colored, and the waiting room provided for their race was crowded. Suddenly a man entered their apartment with a railroad lantern and shouted, "All aboard!" There was immediately a scrample for the four passenger coaches standing on a siding. When one of the cars was well filled the lights were quickly extinguished and several men started through the car firing revolvers and demanding that every excursionist give up his or her valuables. A dozen or more persons surrendered their watches, small handbags, etc.

The robbers, who are supposed to have been whites, with their faces blacked, then jumped from the car and disappeared across the Meherrin river. The night was dark and a heavy rain was falling, making pursuit difficult.

Soon after midnight an attempt was made to break into the Virginia Hotel, opposite the railroad station, and pistol shots were exchanged with several marauders.

Baby Rolled Into the Sea.

A one-year-old baby, resting on a baby couch, yesterday rolled from the deck of the cat yacht Bird while the father was sailing the craft across the Great Egg Harbor bay, N. J., and the mother was in conversation with her husband, Capt. Elmer Blackman. A scream from the mother drew the father's attention to the accident. He quickly brought about the craft, while with one hand he caught the frantic mother, who was inclined to plunge into the waves after the child.

When the yacht came alongside of the couch in which the baby floated the father caught it by one side. In the rush of water, owing to the speed of the boat, the baby was toppled into the waves. Bundled in clothing, it floated away, fortunately with its face upward. When the yacht again came within reach the mother took the wheel and the father, having taken off part of his clothing, plunged into the bay and caught the infant. Mrs. Blackman brought the boat skilfully to a standstill, when the father, holding the child above the water with one hand, was helped aboard.

The child was sobbing and had been drenched in water, but suffered no serious consequences.

Miss Lucy Braxton Garland, daughter of the late Rev. Dr. J. Powell Garland, was married in Lynchburg yesterday to Dr. Warner Thomas Wood.

Circuit Court for the County.

[Judge C. E. Nicol presiding.]

John Sisco, an Austrian laborer, indicted for an alleged attempted criminal assault upon Mrs. Bessie Welch, was found guilty of assault and battery at a late hour last night by the jury, and sentenced to serve three months in jail, in addition to paying a fine of $50. The case had engaged the attention of the court all day. Sisco, who was employed as a laborer in a quarry on the Virginia side of the Potomac, was charged with having attacked Mrs Welch at her home in the county. It was alleged that he attempted to cut her with a razor. Among the witnesses who were examined in the afternoon were Mrs. Welch and the defendant, the latter testifying through an interpreter. In the main they contradicted each other, Sisco denying the charge, but admitting that he had been at the house and that a difficulty had occurred between him and Mrs. Welch. At the morning session Dr. Hugh Hutchinson, who lives near the home of Mrs. Welch, testified that he had been attracted to the place by cries of murder, and upon hastening to the premises with a shotgun in his hand, had been informed by Mrs. Welch that Sisco had attempted to assault her. Dr. Hutchinson said he placed the man under arrest. A little son of Commonwealth's Attorney Mackey also testified that he had heard screams of murder issuing from the home of Mrs. Welch. The evidence of Frank Welch, a son of the complaining witness, was to the effect that Sisco had been a frequent visitor at Mrs. Welch's home, and that he had, on the occasion in question, threatened to kill the witness unless he went to the brewery at Rosslyn and obtained some beer. Strong pleas for the defendant were made by Attorneys Lewis H. Machen and R. C. L. Moncure, while Commonwealth's Attorney Mackey, for the prosecution, asked that the full punishment be imposed. The case was brought to the attention of the Austro-Hungarian embassy which took sufficient interest in it to assign an attache to inquire into the facts

Today.—The time of court has been occupied today in hearing the case of certain creditors against Dougherty, a Luna Park case, which was in progress when this report closed.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Payne, colored, arrested by Officer Smith on suspicion of stealing a gun from Mr. Cockrell, in Fairfax county, was held.

Special Officer Woodward, arrested by Officers Lyles and Nicholson charged with assaulting Frederick Brookes, had his case continued until Monday.

Daniel S. Hill, arrested by Officer Young charged with conducting business without a license, was dismissed.

James Dunn, arrested by Officer Garvey charged with drunken and disorderly conduct, was dismissed upon promising to leave the city.

William Gaines, colored, arrested by Special Officer Kennedy charged with trespassing upon cars of the Washington-Southern Railway, was dismissed upon promising to leave the city.

Lawrence Pettey, charged with robbing railway cars, and Edward Waters, charged with receiving stolen property, had their cases continued until Monday next. Albert Green, Wilbur Cook and Edward Maples, charged with robbing cars, were dismissed.

Death of Captain Windsor.

Captain George W. Windsor, an old and well known resident of this city, died at his home, No. 613 south Lee street early last night. He had been in ill health for a long time. Captain Windsor leaves a widow and several children. The deceased had followed the water since he was a small boy, and upon reaching manhood was entrusted with responsible positions on steam and sailing vessels. During the civil war he was employed by the government on steamers that plied between northern and southern ports. Nearly a quarter of a century ago he was appointed to a position in the Baltimore and Ohio Railroad transfer service, and a few years ago, when Capt. A. J. Fair resigned the captaincy of the tugboat Brewerton, he was selected as his successor. Captain Windsor's health had been previously declining, and he later was compelled to relinquish his position. Trustworthy and faithful in all positions he filled throughout life, he reached the end of life's journey respected by all who knew him.

Charged with Assault.

Frederick Brooks, who was assaulted and arrested a few days ago by Special Officer Woodward for trespassing upon Southern Railway property, yesterday swore out a warrant against Woodward charging him with assault. Brooks is an English sailor, and he claims he went on the property of the railway company seeking work as a car inspector; that he had a note in his pocket from a railroad official to Mr. Gaines recommending him for employment; that he had previously worked for a railroad at Norfolk; that Woodward, without provocation, assaulted him, beating him over the head with an iron bar. The case will be heard next Monday.

Fined Ten Dollars.

D. Harris, a King street clothier, reported to Officer Roberts yesterday that an oilskin coat had been stolen from his store. The officer later located the coat at a second hand store, where it had been purchased from a white man named Joseph Adams. Later Officers Garvey and Beach arrested Adams. He was brought before Justice Caton in the Police Court this morning, when the evidence was to the effect that he had sold the coat for fifty cents. Adams in his statement said he gave a colored man one dollar for the garment. The accused was fined $10.

The Grand Lodge, A. O. U. W., of Maryland, today paid to Mrs. Abrianna Shirley one thousand dollars, the amount of the benefit held in that association by her late husband, J. A. T. Shirley.

Mrs. William Chauncey left today to visit relatives in Jersey City.

Mrs. A. H. Compton, who has been visiting Mrs. W. H. Demaine, has returned to her home in Prince William county.

Mr. John R. Edelen left here today for Atlanta, Ga., to attend a meeting of the National Carriage Makers' Association.

Mrs. Margaret V. Heckrotte, of Pittsburg, is visiting her brother, Mr. W. W. Sherwood

Dr. J. E. Tompkins and Rev. R. A. Williams, of this city, and Dr. C. E. Outcalt, of Alexandria, have returned from a very successful trip to the Ducking Club House at Aquia creek. They caught many fine fish and shot a number of ducks and squirrels. The outing lasted three days and was very enjoyable.—[Fredericksburg Star

Mr. Charles Eversole, of West Virginia, nephew of Mr. G. L. Summers, formerly of this city, left this morning to attend the Carriage Workers' Convention, in session in Atlanta, Ga

Mr. Edgar C. McGregor, of Washington, and Miss Lennie Lee Scott, daughter of Mr. Robert B. Scott, formerly of this city, were married last night at Grace Church rectory by Rev. Edgar Carpenter.

Mr. R. B. Smith, who has been suffering from an abscess for the past ten days, is improving.

Lieut. C. L. Fisher, U. S. A., who has been on a visit to his brother, Police Commissioner T. A. Fisher, has returned to his post at Key West.

The Robbins Shows.

Among the altogether new and startling features announced by the Frank A. Robbins Company, all new great feature shows to signalize their day's visit to Alexandria on Saturday, October 20, Alpha's and Omega's fearsome rival feet of simultaneously leaping on their bicycles across a chasm fifty feet wide, is attracting the lion's share of attention and comment. Mounted upon bicycles of the ordinary safety pattern Alpha and Omega start from a platform forty-five feet from the ground. Before them lies, at an incline of forty-five degrees, a broad path, which at the bottom ends in a sharp upward curve, directly in line with and separated by a break of some fifty feet from another platform ten feet above the ground. So rapidly do they gather in their furiously fleet descent that they almost in the twinkling of an eye have reached the summit of the curve referred to, and they and their wheels soar upward and headlong high in the air. The momentum decreases until they seem to hover in space, then the bicycles dive downward and, directed by an instantaneous delicateness of manipulation, land on the receiving platform, which their two wheels must strike at practically the same moment, as otherwise three would be a dreadful finish right then and there.

Mrs. Davis's Remains.

The remains of Mrs. Jefferson Davis passed through this city this morning at 4:48 o'clock on the way to Richmond. Owing to the early hour and the inclemency of the weather but few people were at the station and the train made but a brief stop here. President Sweeney, of the Board of Aldermen, acting mayor, decided that the bells in the city hall and the engine houses be toiled this afternoon at 3 o'clock in respect to the memory of Mrs. Davis, instead of when the body passed through here this morning, and this was done. A number of Alexandrians went to Richmond to attend the obsequies.

Case Continued.

Albert Green, Wilbur Cook, Edward Maples and Lawrence Pettey were brought before the Police Court this morning charged with robbing Southern Railway cars. Edward Waters was also arraigned charged with receiving stolen goods. The accused were represented by Mr. L. H. Machen. The case was postponed about ten days ago until today. After hearing the evidence in the case Justice Caton dismissed Green, Cook and Maples, but continued the case of Waters and Pettey until next Monday.

Mr. Rixey.

Mr. J. G. Hiden, private secretary of Hon. John F. Rixey, was in Alexandria today and called on a number of Mr. Rixey's friends whom he knew, and expressed Mr. Rixey's regrets that he had been detained in Colorado so long. While there, however, Mr. Rixey has greatly improved in health. As heretofore stated, he has been advised to remain a little longer and will not be back until the latter part of October. He sends greetings to his friends and will meet them before the campaign closes.

Situation Unchanged.

The machinists who had been employed in the Southern Railway shops in this city are still out. It was supposed that some amicable understanding would have been reached ere this, but inquiry this morning brought forth but one response, which was to the effect that there was no change in the situation. The railway company has placed no persons in the places of the men who quit, and the officials in this city seem to treat the strike with indifference.

Sub-station.

The electric railway company, as stated yesterday, is placing a rotary engine in the building on the southwest corner of Prince and Royal streets, now used as a station. The current at this point, which is to be made a sub-station, will be transmitted from the Four-mile run power house from a lower to a higher voltage, which will be used on the Mount Vernon division of the road.

High Tide

The weather was rainy again throughout last night and the wind blew from the east. There was an abnormally high tide in the river this morning. On King street the water was within a few yards of the Union street railway track. In some places on the Strand, especially at Prince street, the water was up to the hubs of the wheels of vehicles.

There were a number of heavy showers today.

Funeral.

The funeral of Mrs. Rachael V. Padgett took place from the residence, No. 620 King street, this afternoon. The services were conducted by Rev. C. D. Bulla, pastor of the Methodist Episcopal Church South, and the interment was in the Union Cemetery.

Mr. Luther Carter has sold a farm belonging to Mr. Lewis, at Remington, to Mr. John L. Currier.

Death of Old Resident.

Emanuel W. Webb, an old and well-known resident of this city, died at his home, northwest corner of Wilkes and Payne streets, about 3 o'clock this morning. The deceased had been in feeble health for some time Mr. Webb leaves several children The deceased was born in Bristol, England, but came to Alexandria in early life. He was a gardener by occupation. Previous to the civil war he was a member of the Mount Vernon Guards, and went to Harper's Ferry during the excitement incident to the John Brown raid Nearly forty years ago he was a member of the night watch of this city, and later when the present police force was organized he became a member of it. He was subsequently sexton of different cemeteries at this city.— Mr. Webb was a member of the Friendship Veteran Fire Association

Reunion

As heretofore stated arrangements have been made for the annual reunion of the officers, teachers, scholars, and friends of the Methodist Episcopal Church South, next Sunday. At 11 o'clock a. m. special services will be held for the school and the congregation, and at the evening services; beginning at 7:30 o'clock, an address will be delivered by Mr. W. W. Death of William Scully.

William Scully, fifty times a millionaire, whose holdings of farm land in the States of Illinois, Kansas, Nebraska and Missouri cover something over two hundred thousand acres, is dead in London, England, aged eighty-three years.

He became a citizen of the United States in 1900, and resided in Washington, D. C, occupying the John A. Logan house, on Calumet place, with his family. His first land in this country was bought in Logan, Livingston and Sangamon counties, Illinois, and the remainder is in Kansas and Missouri.

William Scully was born in Tipperary, Ireland, and was the son of Dennis Scully, prominent in the Irish emancipation cause, and the first Irish student in two hundred years to be admitted to Trinity College, Cambridge. William Scully studied law in a Dublin office. Later, upon the passage of the corn law, in 1846, he sold his estate and came to Illinois.

Traveling the country on horseback, he commenced to invest in land, and by urging progressive farming, continued to acquire property to the time of his death. He leaves surviving two sons. The remains will be taken to Washington for burial.

The Scully estate is located in central Illinois, western Missouri, eastern Kansas, and southeastern Nebraska, and comprises the richest farming lands of those sections. They represent the accumulations of fifty years of the life of the dead man, who was the richest farmer in the richest agricultural section of the world.

The deceased resigned his title when Illinois passed the law restricting holdings of aliens. He dressed in green garments and was besieged with fears of poverty and distress, although fifty times a millionaire. He recently married a young wife.

House Work

Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration cause fearful bearing-down pains which are aggravated by much standing on the feet, and lifting necessary in house work.

But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism,

Lydia E. Pinkham's Vegetable Compound

has cured more than one million American Women, and it will cure you. When troubled with painful irregularities, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed.

My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system.

I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.

France and the Vatican.

The Catholic organs in Paris have been strongly intimating that the Pope is now satisfied with the decree of the council of state announcing that the government will not recognize as cultural associations capable of taking over church property any association which is not in communion with the regular bishops and the hierarchy at Rome. The government, however, shows no disposition to accept a compromise which would make Rome and not France the arbiter of the regularity of associations under the law. Interior Minister Clemenceau, in a speech Tuesday night during his tour of the department of the Var, assured his hearers that "Roman tyranny would be vanquished." The reports spread by ultra-radical French papers to the effect that the authorities at the Vatican had entered into a conspiracy with the French royalists, which are the subject of indignant denials at Rome, are not regarded seriously in competent circles in Paris, though it is maintained that the reactionists naturally side with the church in the present struggle against the government of France.

A cold is much more easily cured when the bowels are open. Kennedy's Laxative Honey and Tar opens the bowels and drives the cold out of the system in young or old. Sold by W. F. Creighton & Co., 401 King street.

Suicide of a Spendthrift.

With money in his pockets to supply his wants for several weeks and bank books in his trunk showing that he had several thousand dollars in bank, Thomas Alexander Phelan, who had spent about $300,000 in the last five years, shot himself in the right temple at 162 Lexington avenue, New York, Tuesday. The man attracted attention sometime ago by entering with others into a suit to set aside his mother's will bequeathing $5,000 to the Pope. The plaintiffs, attorney recently got permission from Justice Amend to serve a summons on the pontiff by publication. Phelan was a son of the late Mary E. Phelan, widow of Edward Phelan, who made a fortune in Mobile before the civil war. She provided in her will that upon the death of her last surviving child $5,000 should go the Pope. The clause was regarded as ambiguous, and suit was begun to test the validity of the will.

Devil's Island Torture.

is no worse than the terrible case of Piles that afflicted me 10 years. Then I was advised to apply Bucklen's Arnica salve, and less than a box permanently cured me, writes L. S. Napier, of Rugles, Ky. Heals all wounds, Burns and Sores like magic. 25c at E. S. Leadbeater & Sons, Druggists.

Shake off the grip of your old enemy, Nasal Catarrh, by using Ely's Cream Balm. Then will all the swelling and soreness be driven out of the tender, inflamed membrances. The fits of sneezing will cease and the discharge, as offensive to others as to yourself, will be cured when the causes that produce it are removed. Cleanliness, comfort and health renewed by the use of Cream Balm. Sold by all druggists for 50 cents, or mailed by Ely Bros., 56 Warren street, New York.

Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

JEWELRY.

Going Housekeeping?

If so, you can hardly get along without spoons, knives and forks. The silver-plated are without a doubt the most economical in the end. They wear longer, look better and cost very little more than the ordinary kinds. We can even supply silver-plated knives with steel blades.

Your sideboard is hardly complete without a silver set. Silver cake and fruit baskets should also be placed there.

A candelabra with will brighten the table considerably. After the spread has been cleared off a silver fern dish should be placed on the table.

The necessary things in cut-glass are the decanter, the berry bowl and the celery dish. In a great many homes the ice cream is served on cut glass plates.

On your dresser place a traveling alarm clock and a sterling silver or silver-plated toilet set, also a hat and clothes brush.

You will find plenty use of a number of small silver-plated trays. One has always so many trinkets to take care of.

There should be a jewel case on the dresser, if only for appearance sake. Over night it is a good place to keep the watch and Z—K Gold Chain.
